1.4.2 Renewal of AutoPlan Author License file

- i. License file (LicenseAuthor.apx) generated in Building Plan Approval System (web application) for a registered technical person should have a validity and the license has to be renewed once the validity expires.
- ii. Renewed license file shall be generated from Building Plan Approval System (web application) client portal for registered technical person
- iii. **If the License validity is expired,** it can be renewed similar to activation of license (Refer: 2.4.1 Activating AutoPlan Author using License file section of this document)
- iv. Even if the License validity is not expired, on updating, it will be renewed in License details in Help menu of AutoPlan BPAS Author
